

REPUBLIC OF ESTONIA  
ROAD ADMINISTRATION

**Aivo Adamson**  
General Director  
Estonian Road Administration  
19.02.2015

REPUBLIC OF ESTONIA  
ROAD ADMINISTRATION

# WHAT IS ESTONIAN ROAD ADMINISTRATION?

## MISSION

ERA develops a safe and working traffic environment

## VISION

To become a highly-valued competence center for road users  
and partners

## VALUES

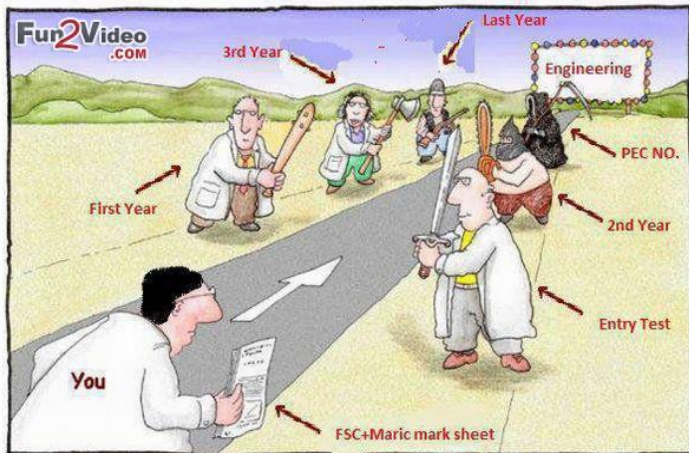

Open  
Caring  
Results-oriented  
Professional

**The national economy, the success of companies and traffic safety will depend on the quality of infrastructure.**

Will the climate data of the roads and a mixture of bitumen be the sign, because we have four climate zones?

Are the quality roads value by themselves or will renovating them be a great addition to employment policy?

What if there is no more oil anymore?
